APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, manner and place of use of the waters of Burnt Creek heretofore appropriated under Proof of Appropriation of Water Serial No. 00608B and as set forth in the Humboldt River Decree is issued subject to the terms and conditions imposed in said Decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed 1.375 cubic feet per second.

Actual construction work shall begin on or before March 12, 1945.

Proof of commencement of work shall be filed before April 12, 1945.

Work must be prosecuted with reasonable diligence and be completed on or before March 12, 1946.

Proof of completion of work shall be filed before April 12, 1946.

Application of water to beneficial use shall be made on or before March 12, 1947.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before April 12, 1947.

WITNESS MY HAND AND SEAL this 12th day

of September, 1944

Proof of commencement of work filed SEP 18 1944

Proof of completion of work filed SEP 18 1944

Proof of Beneficial use filed SEP 23 1944
